NAMASTE ANNOUNCES EXCLUSIVE AGREEMENT WITH AUTHENTICATING.COM FOR IDENTITY VERIFICATION IN THE CANADIAN MEDICAL CANNABIS MARKET

Vancouver, British Columbia, Canada - Namaste Technologies Inc. (“**Namaste**” or the “**Company**”) (CSE:N)(FRANKFURT:M5BQ)(OTCMKTS:NXTTF) is pleased to announce signing of an exclusive agreement with Authenticating.com (“**Authenticating**”) whereby Namaste has secured exclusive Canadian rights to Authenticating’s identity verification technologies for the purpose of verifying medical cannabis patients on NamasteMD.com (“**Namaste MD**”).

Namaste has developed an enterprise quality software application that incorporates instant age and identity verification and facial recognition that is applicable not only for the medical cannabis market but also as a solution for age verification in online recreational cannabis sales. In addition to the implementation for Namaste MD, Namaste believes that it can gain greater exposure to the estimated \$8.7 billion recreational cannabis marketplace by providing the best solution for provincial governments in offering reliable and automated age verification for provincially mandated online recreational cannabis portals.

Namaste has implemented a multi-level identity verification system on Namaste MD for patient consultations that includes facial recognition technology and verification by scanning an identifying document (“**ID**”) and instantly checking it against a self-portrait and authoritative Canadian databases. Identity and age verification is a critical component of Namaste’s platform. Namaste MD connects potential medical patients with doctors through a Telehealth application, in order to facilitate a smooth process for issuing of medical prescriptions.

Authenticating’s technology will be integrated directly with Namaste MD via API, to provide high confidence, low friction, automated identity verification. The verification process will use facial recognition technology to compare the patient’s face to the photo in the ID provided. The barcode on the ID is scanned and the data extracted is instantly checked against Canadian consumer, utility and electoral databases.

Namaste MD is Canada’s first Telehealth program focused on connecting medical cannabis patients with doctors to facilitate a smooth and secure process for consultations, verification and issuance of medical prescriptions. The Namaste MD portal will provide access for many doctors to participate in consultations across all provinces in Canada. Namaste plans to leverage customer data and e-commerce expertise to build a strong patient network that will be serviced through Namaste’s wholly-owned subsidiary, Cannmart Inc. (“**CannMart**”).

Authenticating.com Founder and CEO Steven Ward comments: “We're excited to partner with Namaste MD to provide medical marijuana patients in Canada a way to privately prove their identity online while minimizing the amount of personal information they need to share.”

Sean Dollinger, President and CEO of Namaste comments: “We believe that Namaste MD is a revolutionary platform that will change the way patients and doctors connect, by offering an online portal accessible from the comfort of their home. We plan to accumulate thousands of patients in the platform going forward and into the new year. Now that we have the platform developed and with major progress on CannMart, we believe that Namaste MD, in combination with CannMart and our existing database of customers, will provide a competitive edge for Namaste in the Canadian market. We will also plan on exploring opportunities in working with the federal and provincial governments to provide a much-needed solution for identity and age verification for online recreational cannabis sales.”
