Report on Business

1. St-Georges Platinum positions itself as a junior Nickel, Copper, Iron Ore, Platinum, Palladium, Rhodium, and Cobalt explorer with projects in Quebec, Canada.

The company owns the Villebon Property in Abitibi, Quebec on which there is a 30% option in favor of Litewave Corp. The Company also owns eight North Shore Properties that constitute the Manicouagan and the Isoukustouc group of properties on Quebec's North-Shore near the deep sea port town of Baie-Comeau.

Metallurgy

The Company has collected surface and blast samples from the Julie and Isoukustouc properties. Results from these samples were published in a press release from the Company on October 5th.

2. **Other Corporate matters:**

None

3. **Summary of activities on the properties:**

Villebon Property

We are awaiting the results of the core assays related to the third drilling campaign completed during the month of November 2011. Assay results will be released shortly.

Manicouagan Constellation Group of Properties

St-Georges own 100% of these properties and is negotiating with different parties to find partners willing to develop these properties.

The Manicouagan Constellation potential will also be evaluated and targets will be identified within the Regional PGEs Report commissioned by St-Georges Platinum from a South African geological firm specialized in Platinum Metals.

Isoukoustouc Property

The drilling campaign has been initiated on the Isoukoustouc property starting with the investigation of the Mathilda showing and surrounding areas. The campaign will then proceed on the B-40 and Manic III showings.
