#### About BitRush

BitRush Corp. is a pioneering Canadian FinTech company focused on cryptographic blockchain technology. BitRush™ has chosen to go to the public markets as a startup to allow all types of investors, from individuals to institutions, to participate in the potential value appreciation of a FinTech “startup built by grownups”, that otherwise would usually have taken place in the private markets accessible only to VCs and accredited investors.

BitRush™ ([www.BitRush.co](http://www.BitRush.co)), based in Toronto, but with teams active in Asia, Eastern Europe, Western Europe and North America has three main business verticals all built on our core processing technology BlockNexus™, which includes payment processing services ([www.P2Nex.co](http://www.P2Nex.co)), gaming technologies and online advertising services ([www.AdBit.co](http://www.AdBit.co)). We either use these technologies in our own businesses or provide our services to or for qualified partners and or clients.

BitRush™ offers solutions in the B2C, B2B, C2B and C2C markets. Join BitRush™, either as a consumer user, as a business or both to benefit from our unique services, features and pricing, that only our proprietary blockchain based technologies allow.

With our core technologies already developed, BitRush™ plans to scale each of our businesses.
