Item 8 Executive Officer

Don Allan, President & Chief Executive Officer Telephone: (403) 348-2972

Item 9 Date of Report

March 21, 2016

SCHEDULE "A"

CIELO ANNOUNCES SIGNING OF SECOND FEEDSTOCK SUPPLY AGREEMENT FOR THE FIRST COMMERCIAL WASTE TO ENERGY REFINERY

Vancouver, British Columbia, Canada / March 21, 2016 / CSE:CMC: Cielo Waste Solutions Corp. ("Cielo" or the "Company"). On March 17, 2016 Cielo signed a multi-year feedstock agreement with Dipper Oil Recycling, a division of Little Dipper Holdings Ltd. ("Dipper" or the "Supplier"). This contract allows Cielo to purchase enough used oil and plastics to supply the first unique commercial waste to renewable diesel refinery.

Don Allan, President and CEO of Cielo, states: "This is yet another example of using the earth's waste streams to make a high quality renewable diesel. Dipper will be able to collect used motor oil and contaminated pails from the oil industry which will be an excellent feedstock for our first commercial refinery. This and the announcement we made last week regarding the use of sawdust and wood shavings will show the world there are alternatives for waste to green diesel. We will continue to diversify our feedstock as we continue to work towards the construction of the first refinery."

Guy Tomlinson, the President and CEO of Dipper, stated "We are very excited to begin working with Cielo.

As our business is focused on recycling throughout Western Canada, I think it's great to partner with another company in our market that is focused on making such an impact to our environment."

About Cielo Waste Solutions Corp.:

Cielo specializes in environmentally advanced technologies focused on materials recovery, renewable diesel and landfill reduction through responsible diversion practices. By incorporating the latest material recovery technologies, Cielo is able to achieve significant diversion from landfills while creating a feedstock specifically for renewable diesel. Cielo provides solutions for responsible waste management while also providing value added opportunities.
