

CIELO ANNOUNCES PRIVATE PLACEMENT OFFERING OF CONVERTIBLE DEBENTURES

Vancouver, British Columbia, Canada / April 28, 2016 / CSE:CMC: Cielo Waste Solutions Corp. ("Cielo" or the "Company") announced today a non-brokered private placement offering (the "Offering") of up to CAD \$1,000,000 in convertible debentures (the "Debentures"). The Debentures bear an interest rate of 15%, mature in 36 months from the date of issuance and are convertible at the option of the debenture holder at any time before maturity at an exercise price of \$0.10 per common share.

The proceeds of the Offering (the "Proceeds") will be used for the further development of the renewable diesel technology as well as to construct the first commercial renewable diesel refinery, including for permits and applications and ordering long lead items that will be used in this construction, as well as for general expenses.

Don Allan, President of Cielo, stated "we are very pleased to begin the exciting process of construction of our green renewable diesel refinery. This has been almost 12 years of very hard work with many challenges but finally we are very pleased to be moving forward towards revenues and proving to the world that Cielo has a game changing technology for the world landfills and garbage issues as well as a very green alternative to fossil fuels."

The Offering will be non-brokered but the Company may, as determined in its sole discretion, pay reasonable customary brokers' and/or finders fees, as applicable, in connection with the completion of the Offering.

Closing will occur in one or more stages in the sole discretion of the Company. The initial closing date is anticipated to be on or about May 31, 2016.

All securities issued pursuant to the Offering will be subject to applicable resale restrictions and subject to a four month hold period.

About Cielo Waste Solutions Corp.:

Cielo specializes in environmentally advanced technologies focused on materials recovery, renewable diesel and landfill reduction through responsible diversion practices. By incorporating the latest material recovery technologies, Cielo is able to achieve significant diversion from landfills while creating a feedstock specifically for renewable diesel. Cielo provides solutions for responsible waste management while also providing value added opportunities.
