

Glance Technologies Announces Expansion across Canada with Ten Restaurants signed in the past week, over 140 signed and 500 expressing Interest

April 4, 2017 – Vancouver, B.C. – Glance Technologies Inc., (CSE:GET.CN) (FKT:GJT) (OTCQB:GLNNF), is pleased to announce it has signed 10 new restaurants over the past week in several provinces, for a total of over 140 signed, and it now has 71 locations live across major cities in Canada such as Vancouver, Toronto, Edmonton and Victoria.

In the past month Glance Pay went live in numerous locations. Newly launched restaurant Ricky's all Day Grill in Victoria is a franchise within a 70 location chain spread across Western and Central Canada. In addition, within the downtown area of Canada's largest city, Glance Pay has launched some strategic and well-known restaurants, such as The Good Son and Caren's Rosedale, and in Vancouver, well known spots The Naam Restaurant, Urban Sushi and Elwood's are now live.

Glance Pay's movement into the quick-serve market has begun with the launch of Willow Café in Vancouver. Willow Café can now offer a quick payment app with an automatic rewards program, enabling it to compete with the larger coffee chains and quick-serve locations that have invested heavily in their own custom apps, like Starbucks and Tim Hortons. As sales expand to include more quick-serve locations, Glance Pay anticipates that it will provide many small and medium size locations a competitive edge by allowing them to offer the latest digital experience to their customers.

"Our fast expansion across Canada over the past few months is enabled by the ease of distributing and scaling our current payment technology," says Penny Green, Glance President & COO, "Glance Pay works well for any style of restaurant or quick-serve, regardless of location and environment."

Encompassed within Glance's alliances are two well-known chains, MR MIKES Steakhouse Casual and Famoso Neopolitan Pizzeria, which include 61 locations combined. With prospective meetings and current negotiations, Glance has engaged with more than 20 Canadian restaurant chains and has a sales pipeline of over 500 restaurants expressing interest and at various stages of Glance's sales proposal process. Prospective chains account for 50% of Glance's prospective sales pipeline. The remaining 50% is composed of popular, award-winning and new-concept restaurants. Many of these restaurant chains have subsidiaries in the U.S. and therefore align perfectly with Glance's plan for expansion into the U.S.

About Glance Technologies Inc.

Glance Technologies owns and operates Glance Pay, a streamlined payment system that revolutionizes how smartphone users choose where to dine, settle bills, access payment records and interact with merchants. Glance Pay intends to become the industry standard as one of the four pillars of payments, beside credit cards, debit cards and cash. Glance is building a valuable network of

Mobile payments at a glance

Forward-Looking Statements

This press release contains certain forward-looking statements within the meaning of applicable securities law. Forward-looking statements are frequently characterized by words such as “plan”, “expect”, “project”, “intend”, “believe”, “anticipate”, “estimate” and other similar words, or statements that certain events or conditions “may” or “will” occur. Specially, statements about the number of restaurants that Glance plans to sign up and launch over the next year and becoming the largest mobile payment app for restaurants are forward-looking statements, and there can be no certainty that these statements will prove to be correct.

Although Glance believes that the expectations reflected in the forward-looking statements are reasonable, there can be no assurance that such expectations will prove to be correct. Such forward-looking statements are subject to risks and uncertainties that may cause actual results, performance or developments to differ materially from those contained in the statements.
