

## GLANCE PAY ANNOUNCES ITS TECHNOLOGY HAS ELIMINATED FRAUD OVER A 5 MONTH PERIOD

**May 17, 2017 – Vancouver, B.C.** – Glance Technologies Inc. (OTCQB:GLNNF), (CSE:GET.CN), (CSE:GET.WT), (FKT:GJT) is proud to announce a milestone for its fraud prevention technology: since Glance integrated the current version of its fraud prevention technology into the Glance Pay App 5 months ago, its platform has experienced zero fraud across its 78 live locations.

In contrast, according to the New York Times, during the initial months after Apple Pay's launch merchants experienced approximately 6% fraud - in other words, 6% of payments conducted via Apple Pay were fraudulent and the merchants suffered the losses.

"We are extremely pleased with the performance of our fraud prevention technology. It is beyond our highest expectations. We believe that our fraud prevention innovations have broad applications for virtually all non-chip & PIN payment scenarios and may be our largest asset to date," says Glance CEO Desmond Griffin, "Our fraud prevention technology is a core part of the Glance Pay platform, including our Glance Pay Anywhere technology, and may be applied to a wide variety of scenarios to help protect merchants from fraud."

### **About Glance Technologies Inc.**
