

GLANCE VIA CANNAPAY ACQUIRES AYURVEDIC PRODUCT FORMULATIONS TO DEVELOP CANNABIS INFUSED WELLNESS LINE AND LIFESTYLE APP

October 12, 2017 – Vancouver, B.C. – Glance Technologies Inc. (CSE: GET.CN) (OTCQB: GLNNF) (CSE: GET.WT) (FKT:GJT) is pleased to announce that Cannapay Financial, a significant subsidiary of Glance, has acquired an Ayurvedic wellness product line. Cannapay will develop new products and a supporting lifestyle app to distribute content that will enable customers to realize the beneficial properties of Cannabis and THC.

Ayurvedic medicine treats Cannabis as an ancient holistic plant. This acquisition is the second acquisition of Ayurvedic products Cannapay has made this quarter. Cannapay intends to partner with licensed producers to create cannabis infused products to sell in Canada and distribute internationally where legal to do so.

“We are working to develop a meaningful, insights-driven brand and the supporting content with the underlying goal of educating cannabis consumers about how to most effectively utilize these products to achieve their health and wellness goals. Just as the practice of Ayurveda is based on the science of life, we are building a brand centered on the science of people,” says Penny Green, Glance Technologies President.

Products will include items such as: soap bars, massage oils, candles, bubble bath, bath bombs, body sprays, moisturizer, bath salts and more. These will be created with essential oils and herbs, salts, hemp and other ingredients and will be used for skin rejuvenation, relaxation and overall rejuvenation, pain relief, stress reduction, skin repair, deep cleaning and more.

The lifestyle app will focus on wellness practice, guide users through exercises and meditations, as well as help them to understand what various wellness products do and which ones are right for them.

Cannapay has acquired the products, formulas relating to the development and composition of the aforementioned products, the results of all market and product research and all other intellectual property related to the products as well as the right to reformulate the products to include THC.

Cannapay has also appointed Bhavna Solecki as its Director of Products and Digital Content. Ms. Solecki is an Ayurvedic Holistic Practitioner and is the sole founder of Inner Evolution Healing Center Ltd. She is a recognized speaker and workshop facilitator for health and wellness events. She has been involved in research and development for pain and stress management for acute and chronic illnesses for the past fifteen years working with plant medicine and ancient therapies.

Cannapay is investing significant resources into developing trusted brands that can be distributed internationally, marketed and sold through its mobile payment cannabis lifestyle app.

“We are now engaging industry leaders in branding, product development, digital educational content production, regulatory experts and application user experience artists to create brands that will have tremendous impact on the international Cannabis community, and translating to significant revenues for Cannapay,” says Green.
