Jagercor announces Appointment of a New Director

September 15, 2017 – Vancouver, British Columbia

Jagercor Energy Corp. (JEM:CSE) (the "**Company**" or "**Jagercor**") is pleased to announce that Mr. Pablo Gaston Carabajal is joining the Company's Board of Directors.

Mr. Carabajal, Chief Financial Officer of the Company, is a valuable addition to the Jagercor Energy's Board of Directors. In addition to our existing Directors, which includes Henk Van Alphen with considerable experience in mineral exploration and the capital markets, and Robert Kopple, an experienced investor, businessman, and lawyer; this formidable group continues assisting Jagercor in its strategy of expansion.

The Company is actively seeking oil and gas fields operations in the Neuquina Basin, Argentina, with focus in conventional flowing production and both kinds of proven reserves, conventional and unconventional.

About Jagercor Energy Corp.

Jagercor Energy is a diversified, upstream oil and gas services company with capabilities in Oil and Gas production management. The Company has a highly trained management team with many years of operational experience in the oilfield operation sector in Argentina.

On behalf of the Board of Directors

JAGERCOR ENERGY CORP.

Reader Advisories

This news release includes certain information, with management's assessment of Jagercor's future plans and operations, and contains forward-looking statements which may include some or all of the following: production from new wells and anticipated completion of wells drilled. By their nature, forward-looking statements are subject to numerous risks and uncertainties; some of which are beyond Jagercor's control, including the impact of general economic conditions, industry conditions, volatility of commodity prices, currency fluctuations, environmental risks, changes in environmental, tax and royalty legislation, competition from other industry participants, the lack of availability of qualified personnel or management, the inherent uncertainties and speculative nature associated with oil and gas exploration, development and production including drilling risks, geological risks and others, stock market volatility and ability to access sufficient capital from internal and external sources. Readers are cautioned that the assumptions used in the preparation of such information, although considered reasonable at the time of preparation, may prove to be imprecise and, as such, undue reliance should not be placed on forward-looking statements. The principal assumptions Jagercor has made includes security of land interests, drilling cost stability, royalty rate stability, oil and gas prices to remain in their current range, finance markets continuing to be receptive to financing the Company and industry standard rates of geologic and operational success. Actual results could differ materially from those expressed in, or implied by, these forward-looking statements. Jagercor disclaims any intention or obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise, except as required by law.

The CSE has not reviewed and does not accept responsibility for the adequacy or accuracy of this news release.
