GLOBAL REMOTE TECHNOLOGIES CLOSES CORPORATE OPPORTUNITIES PURCHASE AGREEMENT

Vancouver, B.C. - (September 18, 2015) Global Remote Technologies Ltd. ("**Global Remote Technologies**" or the "**Company**") (CSE:RGT) is pleased to announce that the Company has today closed the purchase transaction pursuant to the Corporate Opportunities Purchase Agreement (the "**Purchase Agreement**") previously announced on September 10, 2015 with Kane Smith, President and a director of the Company.

Pursuant to the Purchase Agreement, Mr. Smith agreed to sell, assign, transfer, convey and deliver to the Company all of his right, title and interest in and to certain assets and rights (collectively, the "**Assets**") as described in the Purchase Agreement, including the Trinity Energia Contract dated July 1, 2015. In consideration of the sale by Mr. Smith of the Assets, the Company paid him an aggregate purchase price of \$900,000, by issuing 5,000,000 common shares of the Company at a deemed price of \$0.18 per share (the "**Securities**"). The Securities are subject to certain resale restrictions as set out in a stock restriction agreement executed by Mr. Smith.

About Global Remote Technologies

Global Remote Technologies focuses on the deployment of emerging technologies for the energy sector. The Company has licensed multiple patent pending tools for the oil and gas industry, which are currently being assembled for release in later 2015. Using its advanced engineering and leadership experience, Global Remote Technologies brings cutting edge processes and technology to the oil patch. Its remote sensor packages transmit telemetry from drilling and production sites in real time to a central server where it is viewed in the cloud. The systems are designed to provide key personnel an early warning system to avoid equipment failures or costly compliance fines. Global Remote Technologies collects and communicates vital information on the status of equipment, tanks, and pipelines for exploration, production, and transmission of oil, gas and water. The Company is headquartered in Vancouver, BC, with offices in Denver, Colorado and Houston, Texas.
