GLOBAL REMOTE COMPLETES ACQUISITION OF 1LINX BLOCKCHAIN

Vancouver, B.C. January 09, 2018 - Global Remote Technologies Ltd. ("**Global Remote**" or the "**Company**") (CSE:RGT), (OTCMKTS:RGTZF), (Frankfurt Stock Exchange:GR9) is pleased to announce that, further to its news releases dated November 17 and December 20, 2017, it has completed its acquisition (the "**Acquisition**") of 1Linx Ltd. ("**1Linx**"), a New York based blockchain technology company with a highly successful proprietary blockchain authentication platform and a suite of blockchain security services. As a result of the transaction, 1Linx is now a wholly-owned subsidiary of Global Remote.

In connection with the Acquisition, Global Remote issued an aggregate of 6,000,000 common shares of the Company ("**Common Shares**") to the former shareholders of 1Linx and paid a finder's fee of 300,000 Common Shares to the individual responsible for introducing Global Remote and 1Linx. All securities issued in connection with the Acquisition, including those comprising the finder's fee, are subject to a hold period expiring four months and one day.

Neil Stevenson-Moore, Chief Executive Officer of Global Remote, stated, "closing our acquisition of 1Linx represents a significant milestone for Global Remote, as we begin to incorporate blockchain and crypto-security into our technology services and solutions offerings."

The Company and 1Linx continue to work towards completion of a Canadian Securities Exchange Form 2A Listing Statement respecting the Acquisition (the "**Listing Statement**"). Upon acceptance of the Listing Statement, the Company expects that the halt on trading the Common Shares will be lifted.

About Global Remote Technologies

The objective of Global Remote is to develop innovative and forward-looking technologies that improve business practices and reduce operational costs for its clients. The Company is constantly improving its product suite and is investing in blockchain, crypto-security, and crypto-currency systems that are revolutionizing the practices of Global Remote's clients and partners in all industries. While Global Remote's evolution began in the energy sector, with technology products developed for the oil and gas industry, Global Remote now continues its commitment to innovation through involvement in multiple markets.

Global Remote operates in rugged locations around the globe, with offices in Canada, Mexico, Oman, and the United States. Global Remote Technologies is a public company, traded in Canada, U.S. and Germany under the symbols CSE: RGT, OTCMKTS:RGTZF and FRA: GR9.

On behalf of the Board of Directors
Neil Stevenson-Moore, CEO

Forward-Looking Information: This press release may include forward-looking information within the meaning of Canadian securities legislation. The forward-looking information is based on certain key expectations and assumptions made by the management of the Company, including in regards to the expected benefits of the Company's acquisition of 1Linx, Canadian Securities Exchange acceptance of the Listing Statement and that the halt on trading in the Common Shares will be lifted upon exchange acceptance of the Listing Statement. Although the Company's management believes that the expectations and assumptions on which such forward-looking information is based are reasonable, undue reliance should not be placed on the forward-looking information because the Company cannot provide any assurance that it will prove to be correct. These forward-looking statements are made as of the date of this press release, and the Company disclaims any intent or obligation to update publicly any forward-looking information, whether as a result of new information, future events or results or otherwise, other than as required by applicable securities laws.
