THC BioMed Corporate Update.

(CSE:[THC](#))

(OTC PINK:THCBF)

(FRANKFURT:TFHC)

Vancouver, B.C. – (September 1, 2015) THC BioMed Intl Ltd. (“**THC**”) is pleased to provide its shareholders with a Corporate update. The company would like to advise that Health Canada inspectors have conducted a second pre-licensing inspection on August 20, 2015 at its THC BioMed Ltd facility located in Kelowna BC. **Upon completion of the inspection there were no further deficiencies indicated.**

This brings us a step closer to fulfilling the milestone of being approved as a Licensed Producer. While THC BioMed remains optimistic that its MMPR application will be approved and that it will be granted an MMPR license, there is no assurance that this will happen. THC will continue to work diligently with regulators through the final stages of the licensing process.

THC’s vision is to be on the leading edge of scientific research and development of products and services related to the medical cannabis industry while creating a standard of excellence. As the industry develops, it will become more important to focus on scientific research and development of products and services related to medical cannabis. Management believes THC is well-positioned to be in the forefront of this rapidly growing industry.
