FORWARD LOOKING STATEMENTS

Certain statements in this release are forward-looking statements, which include regulatory approvals and other matters. Forward-looking statements consist of statements that are not purely historical, including any statements regarding beliefs, plans, expectations or intentions regarding the future. Such information can generally be identified by the use of forwarding looking wording such as “may”, “expect”, “estimate”, “anticipate”, “intend”, “believe” and “continue” or the negative thereof or similar variations. Readers are cautioned not to place undue reliance on forward-looking statements, as there can be no assurance that the plans, intentions or expectations upon which they are based will occur. By their nature, forward-looking statements involve numerous assumptions, known and unknown risks and uncertainties, both general and specific, that contribute to the possibility that the predictions, estimates, forecasts, projections and other forward looking statements will not occur. Forward-looking statements are necessarily based upon a number of factors that, if untrue, could cause the actual results, performances or achievements of the Company to be materially different from future results, performances or achievements express or implied by such statements. These assumptions, risks and uncertainties include, among other things, the state of the economy in general and capital markets in particular, present and future business strategies, the environment in which the Company will operate in the future, and other factors, many of which are beyond the control of the Company. While such estimates and assumptions are considered reasonable by the management of the Company, they are inherently subject to significant business, economic, competitive and regulatory uncertainties and risks. There can be no assurance that the proposed Transaction will be completed or, if completed, will be successful.

Forward-looking statements are subject to a variety of risks and uncertainties, which could cause actual events, level of activity, performance or results to differ materially from those reflected in the forward-looking statements, including, without limitation: (i) that environmental laws and regulations may become more onerous; (ii) that the Company may not be able to raise additional funds when necessary; (iii) risks related to accidents, equipment breakdowns, labour disputes or other unanticipated difficulties with or interruptions with the business; (v) competition; (iv) the uncertainty of profitability based upon the Company’s history of losses; (xiii) risks related to environmental regulation and liability; (vi) risks associated with failure to maintain community acceptance, agreements and permissions (generally referred to as “social licence”); (vii) risks relating to obtaining and maintaining all necessary government permits, approvals and authorizations relating to the continued operation and development of the Company’s projects; (viii) risks related to the outcome of legal actions; (ix) political and regulatory risks; (x) risks related to current global financial conditions; and (xi) other risks and uncertainties related to the Company’s prospects, assets and business strategy. Important factors that could cause actual results to differ materially from the Company’s expectations include, litigation, global economic climate, loss of key employees and consultants, additional funding requirements, changes in laws, competition, and failure of counterparties to perform their contractual obligations. Forward-looking statements contained in this news release are expressly qualified by this cautionary statement. Investors are cautioned that forward-looking statements are not guarantees of future performance or events and, accordingly are cautioned not to put undue reliance on forward-looking statements due to the inherent uncertainty of such statements.
