The principal under the Debentures will be convertible, at the holder’s option, into fully paid and non-assessable units of the Company (the “**CD Units**”) at a conversion price of C\$0.30 per CD Unit. The Debentures will mature three years following the closing of the Offering.

The Company may pay a finder’s fee on the Offering within the amount permitted by the policies of the Canadian Securities Exchange (the “**Exchange**”). The Offering may be completed in one or more tranches and the minimum subscription amount is US\$50,000.

Closing of the Offering is subject to a number of conditions, including receipt of all necessary corporate and regulatory approvals, including the Exchange. All securities issued in connection with the Offering will be subject to a statutory hold period of four months plus a day from the date of issuance in accordance with applicable securities legislation.
