Weststar Resources Amends Definitive Agreement with North Road Ventures to 100% Interest

Vancouver, BC – July 4, 2016: Weststar Resources Corp. (CSE: WER) (the “Company” or “Weststar”) is pleased to announce that, further to its news release dated April 29, 2016, it has amended the definitive agreement to purchase shares of North Road Ventures Inc. (“North Road”), a private British Columbia company, by increasing its purchase interest to 100%. This allows Weststar, via its wholly-owned subsidiary, to earn a 100% interest in North Road’s pending Marihuana for Medical Purposes Regulations (“MMPR”) application, as well as the option and access to participate in certain business opportunities that North Road now has or may have (together, the “Business Arrangement”). The Business Arrangement is proposed to constitute a Fundamental Change (the “Business Change”) pursuant to Canadian Securities Exchange (“CSE”) policies. The Business Arrangement and Business Change are subject to CSE and shareholder approval.

Concurrently with the Business Change, the Company is proposing a name and symbol change. Details to follow in a further news release.

It is expected that the Company will obtain shareholder approval of the Business Change, name change and symbol change by way of a shareholder consent resolution. Additionally, and upon the successful completion of the Business Change, the Company will look to either sell or spin out its mining interest.

Under the terms of the Business Arrangement, Weststar can purchase shares representing a 100% interest in North Road by issuing to the shareholders of North Road (the “Shareholders”) 10,000,000 common shares in the capital of Weststar upon CSE approval. Within 90 days upon completion of the Security Clearance and Pre-Licence Inspection Stages of the MMPR application, Weststar will pay an aggregate \$500,000 to the Shareholders or issue such common shares in the capital of Weststar of equal value. Within 90 days of North Road’s receipt of approval of the MMPR License, Weststar will pay \$1,000,000 to the Shareholders. If Weststar is unable to pay the \$1,000,000, its share interest in North Road will be decreased to 50%.

About North Road Ventures

North Road currently occupies a leased, commercial facility within Metro Vancouver. North Road has an application pending with Health Canada for a MMPR license for the distribution of up to 1,320 pounds of marijuana in its first year of operations.

North Road's personnel include a marijuana expert with 10 years' experience, retired from the RCMP; a manufacturing and logistics expert; and a management consultant with three years' experience advising in Canada's legal marijuana industry.

Since April 1, 2014, new producers have been required to be licensed by Health Canada and to conform to strict new regulations. Due to the stringent requirements, only 33 licenses have been issued under the MMPR since their implementation in 2013. It is North Road's intent to become an ever-larger player in the expanding medical marijuana industry, using their expertise in logistics and distribution.
