[Beleave Inc.](#)
(CSE:BE)

Cannabis

Beleave is a vertically-integrated Canadian cannabis company headquartered in Oakville, Ontario, that operates streamlined facilities throughout Canada to cultivate high-quality cannabis flower, oil, and extracts with funded capacity in excess of 150,000 kg per year. Fully-licensed to cultivate and sell medical and recreational cannabis, Beleave is leading the way through research partnerships with universities to bridge the gap between science and tradition and to develop pharma-grade extracts and derivatives. Beleave is currently developing new product lines for October 2019 as the recreational market is expected to allow for food and beverage-based cannabis products. Beleave is growing its storefront and online sales presence rapidly through its wholly-owned subsidiaries, Beleave Cannabis Corp. and Seven Oaks, which are licensed for medicinal and recreational sales respectively. The company's first retail location is opening this fall in Llyodminster, Saskatchewan. Beleave has also developed a network of medical cannabis clinics in Ontario and Quebec under the Medi-Green banner. Through its majority ownership of Procannmed S.A.S., Beleave has access to 60 hectares of outdoor grow space and is fully licensed to cultivate, produce, extract and distribute medical cannabis in Colombia to capitalize on exports and the expanding Latin American market.

31-Dec-15

[Benchmark Botanics Inc.](#)
(CSE:BBT)

Cannabis

Benchmark Botanics Inc. is a licensed producer of medical dried cannabis at its facility in Peachland, British Columbia. Through its 100-per-cent-owned subsidiary, Potanicals Green Growers Inc. ("Potanicals"), Benchmark received a production and cultivation license in October 2017 and a sales license from Health Canada in July 2019. The Health Canada sales license allows Benchmark to supply and sell finished cannabis products to provincial governments throughout Canada and through Canada's distribution and retail supply chain. Benchmark will be providing recreational and medical dried cannabis, capsules and other forms of cannabis products as the government of Canada makes more forms of the product legal for sale and consumption. As part of its expansion strategy Benchmark through its wholly-owned subsidiary and licensed producer Potanicals, has received its second cultivation license, effectively November 29, 2019, from Health Canada for the Company's joint venture greenhouse operations located in Pitt Meadows, BC.

[HealthSpace Data Systems Ltd.](#)
(CSE:HS)

US
Cannabis,
Blockchain

HealthSpace develops and provides enterprise cloud and mobile solutions to governmental regulatory agencies, with a heavy focus on Environmental Health and Agriculture departments. The aim of the product suite is to streamline inefficiencies in the regulatory process and aid in all things from surveillance to business management, as well as compliance tracking and quality control applications as it relates to the regulatory process. Clients include over 300 government agencies with a segment of the product targeted at private sector businesses aimed to help them manage their regulatory data and better keep up with their required compliance. HealthSpace's ongoing engagement with government customers in both the US and Canada continues to drive aggressive growth and viable learning opportunities to continue to innovate our technology offerings. In 2019, the Company began expanding efforts to distribute the product line to a broader set of regulatory agencies which yield higher revenue streams. Such agencies include Code Enforcement and Building departments. In addition to its core SaaS market, the Company is now developing a proprietary payments solution to create a governmental FinTech platform for online and mobile payments. This new platform will revolutionize the way State and Local governments agencies collect revenue from private businesses they regulate. This new platform will target the tens of billions of dollars these agencies charge to private businesses to allow them to operate. These charges include annual licensing fees, such as a restaurant permit, as well as application fees, fines and more. The Company will be able to share in the revenue through a profit share from payment processors and convenience fees charged to the local business. This new line of revenue is not only accretive to its current market, but also has the ability to far exceed the amount of revenue generated from software sales.

MedXtractor Corp. (CSE:MXT)	Cannabis	<p>The Corporation is a Calgary-based company that manufactures patented, proprietary small-scale carbon dioxide-based extractors that are used to extract essential oils and compounds from a variety of botanical materials. At present, the Corporation targets the "Craft" cannabis grower. Craft growers are those whose crop is up to 800 indoor-sized plants per crop cycle. In management's opinion, CO2 Extractors represent the state-of-the-art for high-potency, high-purity oils, one of the fastest growing segments of the overall cannabis market. Cannabis oils can be extracted from flowers (bud), trim (leaves) and/or post-pressed rosin "chips" (leftovers from hydraulic press extraction). The ongoing worldwide legalization of cannabis is underpinning the rapidly growing demand for cannabis products with major growth seen in oils due to their utility as feedstock for various ingestion methods. The Corporation owns the patents on its CO2 Extractors.</p>	24-Oct-19
Micron Waste Technologies Inc (CSE:MWM)	Cannabis	<p>Micron Waste Technologies Inc. is a leading organic waste technology company based in Canada.
